EUROPE GETS WARNING TO REMAIN AT PEACE

AMBASSADOR HOUGHTON TALKS AT PILGRIM DINNER

REITERATES PEACE MUST RULE
OR NO MORE AMERICAN FIN-
ANCIAL SUPPORT

"HOUGHTON MEANS BUSINESS,"
IS LONDON TIMES COM-
MENT

(By United Press)
London, May 5.—American Ambassa-
dor Alonson B. Houghton made an
instantaneous "hit" in England by
his formal speech delivered at the
Pilgrim's banquet last night.
He warned Europe to remain at
peace or forego American financial
support.

"Houghton means business," The
Times said today, voicing conserva-
tive approval.

The Times declared that the em-
bassy's insistence that Europeans must
show a desire to real peace if Ameri-
can interest in Europe is to be aug-
mented "possesses great weight at
the present moment and entirely ac-
cords with British opinion."

The Manchester Guardian states
the same note saying "American
opinion has been the strongest break
on the French policy and has kept it
from careening down the inclined
plane of imperialism."

COOLIDGE HOPEFUL OF SPEECH EFFECT

Washington, May 5.—President
Coolidge is hopeful that Ambassador
Houghton's speech in London last
night warning the European nations
that further American financial help
is dependent upon maintenance of
peace in Europe, will be helpful in
interpreting to the world what this
government is trying to do and what
it hopes will be accomplished in
Europe, the White House spokesman
said today.

RIFFS NOW FACE MIGHT OF FRANCE

TRIBESMEN WHO VANQUISHED
SPAIN HAVE TACKLED A
STRONGER FOE

Paris, May 5.—Riffian tribesmen,
penetrating the French zone in Mo-
rocco, have pushed to Zrarka, about
50 kilometers northeast of Fez, the
capital, the foreign office announced
this afternoon.

One of the advanced lines of block-
houses held by the French had been
captured by the tribesmen, who are
moving in from the Spanish zone on
the north.

Casualties have been insignificant,
the foreign office said.

France is preparing decisive opera-
tions against the Riffians, who are
stirring up the native to revolt.

Premier Painleve indicated in an
interview the French operations
against the tribesmen will not have
the character of a conquest, but will
be for the purpose of protecting
French territory against infiltration
of Moors from the Spanish zone,
Painleve said.

The belief is held at the Quai d'Or-
say that Abd El Krim, chief of the
Riffians in northern Morocco, is pre-
paring a real offensive against the
French zone, following his successes
against the Spaniards.

A dispatch from Rabat announces
that Marshal Lyautey has arrived at
Fez, the capital, to supervise opera-
tions against the Riffians.

Official circles ridicule Abd El
Krim's announced intention of cap-
turing Fez, saying that Marshal Lyautey
has sufficient troops not only to
defend the capital, but to drive
the Riffians back into the mountains
beyond the border of the Spanish
zone.

French military authorities point
out that the Riffian infiltration into
French Morocco has been in progress
ever since the Spanish retreat to the
sea. They express regret that Spain
and France were never able to agree
on action against the Moors as this
would have avoided many Spanish
Moors.

day with a force of Brazilian revo-
lutionists who crossed the fron-
tier, according to the newspaper
El Liberal.

killed in the engagement and 60

Other unverified dispatches say
the Brazilian rebels burned two
houses and killed two civilians on
Paraguayan territory.

The government here is silent
on the situation.

SECRETARY OF AGRICULTURE
RECEIVES PLEASING
INVITATION

FROM FRIEND TO BE AT THE
MANDAN, N. D., ROUNDUP
IN JULY

(By United Press)
Mandan, N. D., May 5.—Secretary
of Agriculture William Jardine has
a date with a mean broncho here
early in July.

His old friend John M. Stephens
in charge of the United States Na-
tional Grade Plains Field Station of
the agricultural department here has
dared "Bill" to come to the Mandan
Roundup July 2, 3 and 4 and renew
his acquaintance with the hair-split-
ting bucker.

Stephens recited memories of the
days when they were pals on the
plains of Idaho "busting bronchos."
Then he told the secretary of agri-
culture he was willing to bet the lat-
ter could not stick on an outlaw.

"Bet you pull leather," wagered
Stephens.

"Bet I can still ride 'em straight
up," replied "Bill" in accepting the
taunt.

F. M. Russell, assistant to the se-
cretary, wrote Stephens entering Sec-
retary Jardine in the broncho bust-
ing event of the roundup.

(By United Press)
Chicago, May 5.—One man is be-
lieved dead and several are injured
as the result of the collapse of a five-
story brick building in downtown

believe, perished in the wreckage.

losses as well as penetration of the
southern zone.

It is expected in Paris that as soon
as reinforcements arrive, the French
will begin a smashing drive which
definitely will oust the Riffians.

FRENCH COUNTER-ATTACK HALTS RIFF INVADERS

Casablanca, Morocco, May 5.—
Counter-attacks by French troops
against the Riffians of Abd El Krim
who swept down from the north and
penetrated the first line of French
block houses have brought the invad-
ers to a halt. Many were placed
along the 200-mile front, it was offi-
cially announced today. On both
wings of the skirmish line which ex-
tends from east to west along the
border between the French and Span-
ish zones in northern Africa, the
French checked and defeated the
Moors.

SEEK SUSPECTS IN DASTARDLY BOMB PLOT

ATTEMPT MADE ON LIFE OF ED-
WIN H. CHAPMAN, MINNE-
APOLIS

FURNISHES POLICE WITH NAMES
OF 3, MAY HAVE SENT HIM
INFERNAL MACHINE

(By United Press)
Minneapolis, May 5.—Three sus-
pects were sought by police today in
connection with the bomb attempt
on the life of Edwin H. Chapman of
the U. S. Fidelity & Guaranty Com-
pany in the Lewis building.

Chapman, seriously burned, furn-
ished police with the names of three
persons he believed might have had
something to do with sending the in-
fernal machine to him. He opened
it yesterday at noon after a Western
Union messenger delivered it from
the St. Paul office of the company.
A small, dark man left the package
at the office and paid the clerk the
fee for carrying it to Minneapolis. He
left immediately.

The package contained a small re-
volver with the barrel sawed off,
taped to a bottle of nitroglycerin in
such a way that with the opening of
the package the trigger would be
pulled and explode the cartridge.
Chapman and Mrs. Josephine Smith,
clerk in the office, opened the bomb
package and Mrs. Smith was slightly
burned. Recently Chapman received
a box containing six pieces of can-
dy. He was suspicious and did not
eat it. Chemists are examining the
candy and postal authorities are try-
ing to trace the origin of its mailing.

MANY RADICAL SOCIALISTS HEAD FRENCH TOWNS

SUNDAY'S ELECTIONS OF RE-
PUBLIC ARE BEING
ANALYZED

RADICALS HAVE A MAJORITY IN
NINETY-THREE
COUNCILS

(By United Press)
Paris, May 5.—Radical socialists,
the party of former Premier Edouard
Herriot, control the municipal coun-
cils in the most important cities of
France as a result of Sunday's elec-
tion.

Final results in 181 of the 385
cities which constitute capitals of
the arrondissements into which the
country is divided show the radicals
have a majority in 93 councils, the
official socialists in 15, the dissident
socialists of Briand's group 5 and the
conservatives 68.

The net gain of the radical social-
ists is 28. A second ballot will be
necessary in many of the remaining
capitals.

"BATTLE OF THE CENTURY" TO WIPE OUT RUM ROW

(By United Press)
Clifton, N. Y., May 5.—While 60
warlike craft prepared today for
"the battle of the century" to ex-
terminate rum row, 19 members
of the state coast guard unit were
under arrest on charges growing
out of rum smuggling. The arrest
followed an unexpected shakeup
in the coast guard and picket be-
tween crews preparatory to open-
ing the drastic campaign against
the "whiskey armada" that is
stretched over a long line of the
coast.

LAUNCH CAPTURED, 1 RUNNER WOUNDED

Asbury Park, N. J., May 5.—Follow-
ing an excited half hour during which
shots were fired and one rumrunner

PEARL HARBOR NO PROTECTION

CHANNEL TOO SHALLOW TO PER-
MIT LARGE SHIPS TO CROSS
BAR

(By United Press)
Honolulu, May 5.—Attacked by an
enemy power in the faraway Pacific,
the American navy would not have a
safe retreat at Pearl Harbor as was
originally intended, according to con-
clusions drawn today following an
inspection trip of the base.

Congress has been asked for a \$5-
900,000 appropriation to make pos-
sible dredging of the channel en-
trance to a 45-foot depth to enable
America's largest ships of peace or
wartime construction to put in for
shelter. At present, it was explained,
the channel is too shallow to per-
mit the nation's largest ships to cross
the bar.

IBLE FOR SAME

(By United Press)
Minneapolis, May 5.—Attempts by
the state to prove that Tong out-
breaks were responsible for the murder
of Fung Wuen February 1st,
failed when J. F. Wong, secretary of
the On Leong Tong, witness for
Wong Wing charged with the kill-
ing, denied the allegations. The at-
tempts marked the opening of the
defense testimony in the murder
trial before Judge Nordbye in dis-
trict court.

PUZZLED OVER DEATH OF THREE MEN IN MILL CITY

AGREE THAT PINT OF MOON-
SHINE MUST HAVE BEEN
DEADLY STUFF

CORONER FOUND TRACES OF GAS
IN THE "DEATH
HOUSE"

(By United Press)
Minneapolis, May 5.—Police and
chemists, the coroner and physicians
were still puzzled today over the
death of three men sitting around a
bottle of moonshine in a south side
house Sunday.

Death came to the three suddenly,
officials agree. The victims were
sitting around a table in convivial
fashion and had hardly slumped
down in their chair when stricken
with rigor mortis. Some of the police
officials believe the liquor was
of the kind that in police vernacular
was of sufficient power to "knock
'em stiff." Others assert there was
not enough moon in the one pint
bottle to deal death to them all no
matter what its power.

The coroner found traces of gas in
the house, but investigators do not
believe there was enough gas present
to deal death.

Joseph Marron who was found
"stiff" and inarticulate in the back
yard said he had a little liquor party
of his own and picked out that par-
ticular back yard for a nap. He had
no knowledge of the tragedy within.

Moxie Wollman, who found the
three dead men said there was not
enough gas in the house to be notice-
able.

The dead are William Maher, Jas.
Castle and Edward Savage.

CHICAGO BOARD OF TRADE MEN INCUR ATTACK

R. F. ROSENBAUM OF GRAIN MAR-
KETING CO. MAKES AN-
NOUNCEMENT

CLAIMS MANIPULATORS ORIGI-
NATED SHARP PRICE RISE
IN RYE AND CORN

(By United Press)
Chicago, May 5.—"Immediate action"
against manipulators on the
Chicago Board of Trade was demand-
ed today by E. F. Rosenbaum, a mem-
ber of the board of managers of the
Grain Marketing Company, because
of sharp price advances in rye and
corn.

Although carefully avoiding the
term "corner," Rosenbaum hinted
that certain operators have "con-
gested" the market to a point to
cause alarm.

"There appears to be evidence of
congestion in May rye and May corn
which warrants immediate action,"
Rosenbaum said.

"Unless some action is taken be-
fore the mischief is done, agricultur-
al communities will be liable to fur-
ther losses."

In response to these insinuations
by Rosenbaum, some of the experts
on the board suggested that the
Grain Marketing Company itself is
"short" on rye and corn and is kick-
ing against paying the penalty of
high prices in covering the shortage.

Arthur Cuttin who gained the title
of "Corn King" because of the huge
profits he took in that grain last win-
ter, has been named as one of the
men on the "inside" of the sharp
boost in rye and corn.

Avoiding reason to the rye and
corn market, Cuttin entered vigor-
ous denial that he was engaged in
any fight in the wheat market. He
admitted viewing the wheat market
as bullish, but denied published re-
ports that he had predicted a return
to \$2.00 wheat.

streets on hearing the explosion in
the bank. No one was injured.

WHOLESALE JAIL DELIVERY IS THWARTED

5 INMATES OF CHICAGO HOUSE
OF CORRECTION IN SOLI-
TARY CONFINEMENT

SWEETHEART OF RINGLEADER
OF PLOT WARNS THE
AUTHORITIES

(By United Press)
Chicago, May 5.—Five inmates of
the House of Correction were in soli-
tary confinement today while prison
officials investigated a plot for a
wholesale jail delivery.

A pretty young woman, sweetheart
of the ringleader of the plot, warned
Supt. R. C. Graham and thus pre-
vented the possible release of 75 des-
peradoes and the murder of a num-
ber of prison guards.

According to the girl, the delivery
was planned for 10:30 last night.
Graham, warned in plenty of time,
mobilized his guards a short time be-
fore the zero hour and ordered all
prisoners to undress and step into
the corridor. Then his men search-
ed the cells. The bars in two cells
had been sawed almost clear through.
A push was all that was needed to
break them off. Paul Lupenheimer
wanted in Wisconsin for automobile
stealing and held here for robbery
was named by Graham as the leader
of the plot. The leaders were placed
in solitary confinement.

PICKET BOATS SAIL BEYOND 12 MILE LIMIT

DRY NAVY WILL SEEK TO EN-
CIRCLE THE RUM
ARMADA

ANY LIQUOR SHIP SEEKING TO
MAKE SHORE WILL BE
FIRED ON

(By United Press)
Clifton, N. Y., May 5.—The dry
navy made its first move today to ex-
terminate rum row by a process of
starvation.

Twelve picket boats of the coast
guard service sailed for the spot be-
yond the 12-mile limit from which
the whiskey armada operates. Their
work will be in the form of recon-
naissance. The remainder of the
prohibition fleet, 60 vessels in all,
may follow the scout ships when rum
row will be surrounded to cut off
communication with the shore.

Coast guard officials announced
that the dry navy will encircle the
fleet until the rum runners hoist a
white flag and that any liquor laden
ship that attempted to communicate
with the shore would be fired on.

Marksmen of the dry navy have
orders to shoot to hit and not merely
as a warning in the event the rum
ships try to send word to shore. Nine-
teen members of the State and Island
Coast Guard Unit were under arrest
today on charges growing out of rum
smuggling. The arrests followed an
unexpected shakeup in the coast
guard and picket boat crews.

PITCHFORK BATTLE BEFORE GRAND JURY

(By United Press)
Nicollet, Minn., May 5.—Grand ju-

uled to consider voting a first degree
murder indictment against Julius
Hopp, 30, held without charge for the
killing of Lewis Wills, 27, farmer, in
a pitchfork battle last week for pos-
session of a haystack.
Hopp is alleged to have struck Wills
over the head with a fencepost when
he drove on the Hopp farm to haul a
stack of hay recently purchased. Hopp
occupies the farm adjoining the Wills

According to reports Wills proceed-
ed to take his hay fighting Hopp off

(By United Press)
Honolulu, May 5.—Attacked by an enemy power in the faraway Pacific, the American navy would not have a safe retreat at Pearl Harbor as was originally intended, according to conclusions drawn today following an inspection trip of the base.

Congress has been asked for a \$5,900,000 appropriation to make possible dredging of the channel entrance to a 45-foot depth to enable America's largest ships of peace or wartime construction to put in for shelter. At present, it was explained, the channel is too shallow to permit the nation's largest ships to cross the bar.

Minneapolis, May 5.—Attempts by the state to prove that Tong outbreaks were responsible for the murder of Fung Wuen February 1st, failed when J. F. PUZZLED OVER DEATH OF THREE MEN IN MILL CITY

AGREE THAT PINT OF MOONSHINE MUST HAVE BEEN DEADLY STUFF

CORONER FOUND TRACES OF GAS IN THE "DEATH HOUSE"

(By United Press)
Minneapolis, May 5.—Police and chemists, the coroner and physicians were still puzzled today over the death of three men sitting around a bottle of moonshine in a south side house Sunday.

Death came to the three suddenly, officials agree. The victims were sitting around a table in convivial fashion and had hardly slumped down in their chair when stricken with rigor mortis. Some of the police officials believe the liquor was of the kind that in police vernacular was of sufficient power to "knock 'em stiff." Others assert there was not enough moon in the one pint bottle to deal death to them all no matter what its power.

The coroner found traces of gas in the house, but investigators do not believe there was enough gas present to deal death.

Joseph Marron who was found "stiff" and inarticulate in the back yard said he had a little liquor party of his own and picked out that particular back yard for a nap. He had no knowledge of the tragedy within, he said.

Moxie Wollman, who found the three dead men said there was not enough gas in the house to be noticeable.

The dead are William Maher, Jas. Castle and Edward Savage.

CHICAGO BOARD OF TRADE MEN INCUR ATTACK

R. F. ROSENBAUM OF GRAIN MARKETING CO. MAKES ANNOUNCEMENT

CLAIMS MANIPULATORS ORIGINATED SHARP PRICE RISE IN RYE AND CORN

(By United Press)
Chicago, May 5.—"Immediate action" against manipulators on the Chicago Board of Trade was demanded today by R. F. Rosenbaum, a member of the board of managers of the Grain Marketing Company, because of sharp price advances in rye and corn.

Although carefully avoiding the term "corner," Rosenbaum hinted that certain operators have "congested" the market to a point to cause alarm.

"There appears to be evidence of congestion in May rye and May corn which warrants immediate action," Rosenbaum said.

"Unless some action is taken before the mischief is done, agricultural communities will be liable to further losses."

In response to these insinuations by Rosenbaum, some of the experts on the board suggested that the Grain Marketing Company itself is "short" on rye and corn and is kicking against paying the penalty of high prices in covering the shortage.

Arthur Cuttin who gained the title of "Corn King" because of the huge profits he took in that grain last winter, has been named as one of the men on the "inside" of the sharp boost in rye and corn.

Avoiding reason to the rye and corn market, Cuttin entered vigorous denial that he was engaged in any fight in the wheat market. He admitted viewing the wheat market as bullish, but denied published reports that he had predicted a return to \$2.90 wheat.

WHOLESALE JAIL DELIVERY IS THWARTED

5 INMATES OF CHICAGO HOUSE OF CORRECTION IN SOLITARY CONFINEMENT

SWEETHEART OF RINGLEADER OF PLOT WARNS THE AUTHORITIES

(By United Press)
Chicago, May 5.—Five inmates of the House of Correction were in solitary confinement today while prison officials investigated a plot for a wholesale jail delivery.

A pretty young woman, sweetheart of the ringleader of the plot, warned Supt. R. C. Graham and thus prevented the possible release of 75 desperadoes and the murder of a number of prison guards.

According to the girl, the delivery was planned for 10:30 last night. Graham, warned in plenty of time, mobilized his guards a short time before the zero hour and ordered all prisoners to undress and step into the corridor. Then his men searched the cells. The bars in two cells had been sawed almost clear through. A push was all that was needed to break them off. Paul Lupenheimer wanted in Wisconsin for automobile stealing and held here for robbery was named by Graham as the leader of the plot. The leaders were placed in solitary confinement.

4 NORTH DAKOTA MEN ARRESTED ON LIQUOR CHARGES

(By United Press)

PICKET BOATS SAIL BEYOND 12 MILE LIMIT

DRY NAVY WILL SEEK TO ENCIRCLE THE RUM ARMADA

ANY LIQUOR SHIP SEEKING TO MAKE SHORE WILL BE FIRED ON

(By United Press)
Clifton, N. Y., May 5.—The dry navy made its first move today to exterminate rum row by a process of starvation.

Twelve picket boats of the coast guard service sailed for the spot beyond the 12-mile limit from which the whiskey armada operates. Their work will be in the form of reconnaissance. The remainder of the prohibition fleet, 60 vessels in all, may follow the scout ships when rum row will be surrounded to cut off communication with the shore.

Coast guard officials announced that the dry navy will encircle the fleet until the rum runners hoist a white flag and that any liquor laden ship that attempted to communicate with the shore would be fired on.

Marksmen of the dry navy have orders to shoot to hit and not merely as a warning in the event the rum ships try to send word to shore. Nineteen members of the State and Island Coast Guard Unit were under arrest today on charges growing out of rum smuggling. The arrests followed an unexpected shakeup in the coast guard and picket boat crews.

BISHOPS OF M. E. CHURCH MEET

MAKE APPOINTMENTS AND SELECT CONVENTION DATES

(By United Press)
Minneapolis, May 5.—Thirty-five bishops of the Methodist Episcopal Church met here today to make appointments and select convention dates.

The board of bishops of the church meets twice a year, in the spring and autumn, to conduct church affairs.

Bishop Joseph P. Berry, Philadelphia, senior bishop, presided at the opening conference today in Hennepin Avenue Methodist Church. According to the seniority of the election by the general conference, bishops will preside during the sessions. The board will be in session until May 11.

The bishops will preach in various Twin City churches next Sunday, and some may go to nearby towns to preach.

At the conference the bishops report the work of the churches in their areas and bring any special matters of importance to the board for consultation and action. Bishops unable to attend are expected to send in written reports to the conference.

PITCHFORK BATTLE BEFORE GRAND JURY

(By United Press)
Nicollet, Minn., May 5.—Grand jurors in session here today are scheduled to consider voting a first degree murder indictment against Julius Hopp, 30, held without charge for the killing of Lewis Willis, 27, farmer, in a pitchfork battle last week for possession of a haystack.

Hopp is alleged to have struck Willis over the head with a fencepost when he drove on the Hopp farm to haul a stack of hay recently purchased. Hopp occupies the farm adjoining the Willis property.

According to reports Willis proceeded to take his hay fighting Hopp off with a pitchfork. Hopp sustained several slashes in the arms and legs. Funeral services were conducted for Willis Wednesday. He is survived by his widow and family.

PASMORE TRIO
VERY PLEASING

Played to Large Audience at New Park Theatre Sunday Afternoon

MUSICAL CLUB AUSPICES

Solo and Trio Numbers Given in Faultless Manner

The Pasmore Trio played to a large audience on Sunday afternoon, the size of the audience being a tribute to the reputation of the trio. They were thoroughly satisfied with the afternoon's entertainment in both the solo and trio numbers.

The program opened with a trio number—four movements in a Brahms selection in B major. It was played with exceptional skill, and was a fine example of ensemble work. Especially did the Adagio movement please—beautifully executed and exquisitely interpreted—a very, very lovely selection.

The ability of the individual artist was given ample opportunity to display itself in the solo groups. Miss Pasmore played the Romance and the Andalusian Romance with a perfection of bowing and a brilliant technique that were a tribute to the artist. Miss Sloss, who, in addition to program work of this type, instructs at Carleton College and accompanies orchestra of note, gave Chopins Scherzo in B minor with a skill that demonstrated to all those present that here was a pianist far above the average. Her touch was a joy, and the music she evolved from the keys were, to many, the most interesting and enjoyable part of the afternoon. Miss Poppe played the difficult Boellman solo with her usual skill and returned for a solo, in the form of the much lighter but equally enjoyed Spanish serenade.

The three returned for the closing number, the three last movements of an Arensky number—very beautifully played. In one of the groups one was reminded of "horns of Eifland faintly blowing"—so delicate and airy and elfin was the music—from that it shifted to a definite hint of modern "jazz"—without its irregularities. They returned to play Tchaikowsky's Valse des Fleurs, as thoroughly enjoyed as any of the more difficult numbers. Throughout the program they evidenced a complete mastery of their art.

SENATOR MAGNUS JOHNSON CLEARED

SENATOR MAGNUS JOHNSON has been cleared of a charge made against his good name, the jury finding A. N. Jacobs guilty of libeling him.

Various opinions have been expressed regarding the verdict given. Jacobs is known in Brainerd where years ago he started a publication known as the Crow Wing County Digest.

The St. Paul Daily News under the heading "Scandal Mongers," states that "the conviction of Mr. Jacobs for criminally libeling former Senator Magnus Johnson should put an end to this type of scandal mongering."

"Evidence was overwhelming in this case to show that Jacobs was malicious in his attack on the former senator."

"While Senator Johnson said his only purpose in bringing the action was to clear his name, and that he seeks no revenge, yet a stiff penalty should have a salutary effect in making publishers of the Jacobs kind think seriously before entering upon their strange business of wrecking lives and defaming honest men."

The St. Cloud Daily Journal-Press says that "Jacobs, the publisher of 'Harpoon,' who was found guilty of libeling Magnus Johnson, the former U. S. senator, was sentenced to 90 days in jail or a fine of \$100. Jake knows now how the prongs of the harpoon feel. He will probably pay the fine and charge it up to the Tom Schall campaign expense."

A FAVORABLE TRADE REPORT

THE April agricultural and business review of the Federal Reserve bank of Minneapolis is one that can be studied with special interest by rural communities.

Greatly increased buying power in rural communities of the Northwest in March, as compared with a year ago, and a sharp gain in the movement of all commodities to the northwest trade territory, furnish definite evidence of the improvement in general conditions in the ninth reserve district.

With the coming of the tourist season Brainerd business will pick up, and this most desirable cash trade will exercise an impetus accelerating all lines of industry.

The Minnesota & International railway sustains its reputation as being one of the best "feeder" lines of the Northern Pacific railway company. The volume of freight hauled continues most satisfactory.

A STUDY IN CONTRASTS

A TRIO in any line of musicianly endeavor nears perfection as its members continue playing or singing together. After years of association, it is impossible to suddenly substitute another artist and expect that same harmony in temperament.

Take the Pasmore Trio, for instance, with Vera Poppe substituting for the regular cellist of the trio. Her cello tones, warm melting, vibrant, made a contrast when meeting the temperament of the Pasmores. It was like the gulf stream of the Pacific, a part of the ocean, of course, but still a well defined entity with characteristics of its own, and refusing to entirely merge its own individuality.

WARNING EUROPE

IN his formal address at the Pilgrim banquet at London, Ambassador Houghton clearly enunciated American policy. Europe must remain at peace, cease fighting, or forego American financial support.

America has no desire to finance topheavy military establishments. She does not care to build up powder mines. The arts of peace are more to be desired than munitions of war leading to black clouds of strife.

AN act amending section 3265, general statutes of Minnesota, relating to illegitimate children, passed by the recent session of the legislature provides in part that upon trial in district court the judge may at his discretion exclude the general public from attendance at the trial and shall do so at the request of either party.

OUR legislature saw fit to refuse to supply funds to finish our state highways. Babcock has a habit of making one dollar do the work of two and no doubt he will figure out a way to do some construction work in spite of the legislature's indifference to road progress, says the Staples World.

AGITATORS fail in their political reform movements in this country because too many workmen go to work in "flivvers" and "too many farmers spend their winters in Florida and California," says F. E. Haynes of the University of Iowa.

YESTERDAY seems to have been the opening of the transportation season in St. Paul. The first barge came to town and the first Ford was turned out in Ford's new factory.

BECAUSE public opinion was against it, young Loeb and Leopold have discontinued teaching in the prison night school at Joliet, Ill.

THE new May back beer brewed in Munich was so good that the Bavarian government and diet adjourned to sample it.

ADVERTISING is getting to be a national habit. Even the sheriff has to advertise if he wishes to sell bankrupt stocks.

MINNEAPOLIS, like Brainerd, is stressing the need for more industrial development.

THE bone in the beefsteak is of no value, but the buyer pays for it just the same.

EVERY ray of poison moonshine has a death kick of its own.

TODAY'S DISPATCH CROSS WORD PUZZLE

HOW TO SOLVE A CROSS-WORD PUZZLE

When the correct letters are placed in the white spaces this puzzle will spell words both vertically and horizontally. The first letter in each word is indicated by a number, which refers to the definition listed below the puzzle. Thus No. 1 under the column headed "horizontal" defines a word which will fill the white spaces up to the first black square to the right, and a number under "vertical" defines a word which will fill the white squares to the next black one below. No letters go in the black spaces. All words used are dictionary words, except proper names. Abbreviations, slang, initials, technical terms and obsolete forms are indicated in the definitions.

More Brainerd Homes
Are Being Improved

During the past year or two Brainerd has had a lot of very favorable advertising. Tourists who came and saw us were very much impressed. They carried the news.

Our good people appreciate this and intend to create more of it. During the past few days:

BERT OLSON put a new roof of Bird's Twin Shingles on his home. They look very good.

W. A. SMITH in North East and LEVI JOHNSON on North 10th have each built a new garage. They don't intend to let their cars depreciate any faster than necessary.

MRS. CARMICHAEL on North 6th has had a new roof placed, using our Bird's Jumbo Twin Shingles.

GEO. J. SMITH at our suggestion put new floors in three rooms and a hall, using our short-length maple for the job. You get the same grade for a good deal less money than regular lengths.

Isn't there something about your place that should be done now? Let us help you plan it.

SENATOR MAGNUS JOHNSON CLEARED

SENATOR MAGNUS JOHNSON has been cleared of a charge made against his good name, the jury finding A. N. Jacobs guilty of libeling him.

Various opinions have been expressed regarding the verdict given. Jacobs is known in Brainerd where years ago he started a publication known as the Crow Wing County Digest.

The St. Paul Daily News under the heading "Scandal Mongers," states that "the conviction of Mr. Jacobs for criminally libeling former Senator Magnus Johnson should put an end to this type of scandal mongering."

"Evidence was overwhelming in this case to show that Jacobs was malicious in his attack on the former senator."

"While Senator Johnson said his only purpose in bringing the action was to clear his name, and that he seeks no revenge, yet a stiff penalty should have a salutary effect in making publishers of the Jacobs kind think seriously before entering upon their strange business of wrecking lives and defaming honest men."

The St. Cloud Daily Journal-Press says that "Jacobs, the publisher of 'Harpoon,' who was found guilty of libeling Magnus Johnson, the former U. S. senator, was sentenced to 90 days in jail or a fine of \$100. Jake knows now how the prongs of the harpoon feel. He will probably pay the fine and charge it up to the Tom Schall campaign expense."

A FAVORABLE TRADE REPORT

THE April agricultural and business review of the Federal Reserve bank of Minneapolis is one that can be studied with special interest by rural communities.

Greatly increased buying power in rural communities of the Northwest in March, as compared with a year ago, and a sharp gain in the movement of all commodities to the northwest trade territory, furnish definite evidence of the improvement in general conditions in the ninth reserve district.

With the coming of the tourist season Brainerd business will pick up, and this most desirable cash trade will exercise an impetus accelerating all lines of industry.

The Minnesota & International railway sustains its reputation as being one of the best "feeder" lines of the Northern Pacific railway company. The volume of freight hauled continues most satisfactory.

A STUDY IN CONTRASTS

A TRIO in any line of musicianly endeavor nears perfection as its members continue playing or singing together. After years of association, it is impossible to suddenly substitute another artist and expect that same harmony in temperament.

Take the Pasmore Trio, for instance, with Vera Poppe substituting for the regular cellist of the trio. Her cello tones, warm melting, vibrant, made a contrast when meeting the temperament of the Pasmore's. It was like the gulf stream of the Pacific, a part of the ocean, of course, but still a well defined entity with characteristics of its own, and refusing to entirely merge its own individuality.

WARNING EUROPE

In his formal address at the Pilgrim banquet at London, Ambassador Houghton clearly enunciated American policy. Europe must remain at peace, cease fighting, or forego American financial support.

America has no desire to finance topheavy military establishments. She does not care to build up powder mines. The arts of peace are more to be desired than munitions of war leading to black clouds of strife.

AN act amending section 3265, general statutes of Minnesota, relating to illegitimate children, passed by the recent session of the legislature provides in part that upon trial in district court the judge may at his discretion exclude the general public from attendance at the trial and shall do so at the request of either party.

OUR legislature saw fit to refuse to supply funds to finish our state highways. Babcock has a habit of making one dollar do the work of two and no doubt he will figure out a way to do some construction work in spite of the legislature's indifference to road progress, says the Staples World.

AGITATORS fail in their political reform movements in this country because too many workmen go to work in "flivvers" and "too many farmers spend their winters in Florida and California," says F. E. Haynes of the University of Iowa.

YESTERDAY seems to have been the opening of the transportation season in St. Paul. The first barge came to town and the first Ford was turned out in Ford's new factory.

BECAUSE public opinion was against it, young Loeb and Leopold have discontinued teaching in the prison night school at Joliet, Ill.

THE new May bock beer brewed in Munich was so good that the Bavarian government and diet adjourned to sample it.

ADVERTISING is getting to be a national habit. Even the sheriff has to advertise if he wishes to sell bankrupt stocks.

MINNEAPOLIS, like Brainerd, is stressing the need for more industrial development.

THE bone in the beefsteak is of no value, but the buyer pays for it just the same.

EVERY ray of poison moonshine has a death kick of its own.

TODAY'S DISPATCH CROSS WORD PUZZLE

HOW TO SOLVE A CROSS-WORD PUZZLE

When the correct letters are placed in the white spaces this puzzle will spell words both vertically and horizontally. The first letter in each word is indicated by a number, which refers to the definition listed below the puzzle. Thus No. 1 under the column headed "horizontal" defines a word which will fill the white spaces up to the first black square to the right, and a number under "vertical" defines a word which will fill the white squares to the next black one below. No letters go in the black spaces. All words used are dictionary words, except proper names. Abbreviations, slang, initials, technical terms and obsolete forms are indicated in the definitions.

UNDERWRITERS' BANQUET WAS
HELD LAST WEDNESDAY EVENING

On Wednesday, April 29, the Underwriters of the B. H. S. showed that they were on the map by staging a banquet, at which Miss Tornstrom and Miss Schow were guests.

The table was prettily decorated, yellow and white being the predominating colors. At each end of the table was a yellow candle which furnished the only light. In the center of the table, a vase holding jonquills harmonized with the rest of the color scheme. At six o'clock a delicious repast of veal, salad, olives, mashed potatoes, creamed peas, rolls, candy, cookies and ice cream was served by Bernice Samuelson and Marian Lineman. Ferné Lowe was in charge of the cooking in which she was aided by members of the club.

After dinner, while still seated at the table, "gossip" was played for a short time, until Raymond Anderson, toastmaster, was called upon to give a speech, with which he did not favor those present except for introducing other impromptu speakers. Eugene Nicholson, Freshman president, was the first called upon. He mentioned the work the club was doing and the increased interest in our school paper. Marguerite O'Brien, the second speaker, said she was glad to belong and, because the Underwriters are mostly Sophomores, hoped that the Juniors of next year would be as active on the staff as the Underwriters are this year. Milford Downie, celebrated humorist, gave a very short talk in which he spoke of far from serious things. Dorothy Deering, greatest woman authority on male wearing apparel, gave a brief address mentioning the work done for us by Sophie Brending, Miss Tornstrom and Miss Schow. Howard Nicholson, our humor editor, said that he couldn't make a speech but as a forfeit he'd be chairman of the dish washing committee.

Emily Cocks, club's cartoonist, spoke of our gratitude to Misses Tornstrom, Schow and Sophie Brending, and of increased interest in the Brainonian.

Miss Tornstrom, the last speaker, gave a humorous yet partially serious address, saying that the more we put into this the more we would get out and that it is good experience to all of us, even though occasionally our works are censured.

At about half past eight, and after the dishes were washed, the majority of the diners donned their hats and coats and proceeded to the benefit movie of the Y. M. C. A., this ending a very pleasant evening.

Picnic

The first of May—an ideal May day. That is not all—also a table heaped with buns, pickles, wieners, beans, cake, coffee, etc. That spelled our first spring picnic, altho' we hope it will not be our last.

All were conveyed to the picnic grounds by the two Myrtles—by means of the Hup and the trusty Ford.

The trail led to Lum Park where we had the honor of being the first picnickers in the pavilion this season. We found the hall decorated beautifully in crepe and Japanese lanterns all ready for our arrival.

After gathering wood for the fire, consuming the cats, and so on, we retraced our steps to the building where we played some more and then departed at the end of the perfect day.

Normal Training Notes

Miss W.: "Grace, what did you find about Charles G. Dawes?"
G. G.: "He was the man who went with Paul Revere on his famous ride giving the alarm."

Side Light on the
Underwriters' Banquet

Dinner was announced, twelve ravenous underwriters, and two hungry teachers flocked to the tables, grabbed their murderous weapons, and plunged their knives into a lean piece of veal. Everyone wore smiles as broad as the "Golden Gate" and twice as bright. The yellow Jonquills thrust out their sweet perfume (no one was hurt). Table talk was most abundant, topics of every thing were discussed. At one end of the table, Bertha Cain, Miss Schow, Emily Cocks, and Gene Nicholson were discussed. At one end of the drench, of course, each knew a lot about it through experience. Sophie, Howard Nicholson, and Dorothy Deering threshed over the unforgotten topic of "Extensions," a heated discussion followed, and ended in a fight over who had most nuts in their cups. Miss Tornstrom, Muff, Raymond and Margaret talked over the Seniors and oh what they didn't say. Miss Tornstrom, of course, upheld the Seniors mostly, but you never will catch two Sophs and no Freshie saying anything good about them. Dick Marshall took in this conversation and spoke his opinion to himself. Fern and Viola talked over the "spuds," gravy and the terrible task of getting the veal cooked in time.

But most talked about was Ray's ravenous appetite for Irish plums (olives) he just couldn't get his fill; he just actually turned green with envy when Muff took three at a time. But Ray was a splendid toast master; he really knew his apples, and some forgive him for his eating of a quart of plums, but many have revengeful hearts as he called on too many unprepared ones, and we threatened to take drastic measures, but as soon as it was over he ran from the table, out the door down to the Yemca Hotel (Y. M. C. A.) calling "Patooch" all the way (meaning "help" in Bulgarian.)

Howard Nicholson turned out to be an excellent chairman of the dish washing committee. For twenty minutes dish water, and towels flew thick and fast. Then they trotted off to see the (Battling Orioles); all were very disappointed they didn't see the birds.

Miss Scott

You know that peculiar feeling of emptiness that comes over you sometimes that something is lacking—an indefinable loss? The world is different, but you don't know why. In another week the Washington students will realize that sensation and after a day of two it will dawn upon them that the reason for it is that Miss Scott no longer presides over the office. To the upperclassmen especially, it will make a big difference.

For two generations of high school students Mary A. Scott has been the person who has dispensed everything from pencils to typewriting paper and countless 'Merchants of Venice' and Milton's 'Minor Poems.' One hesitates to think of the thousands of pencils and penpoints and sheets of paper that she has handed to waiting students and of the many nickels and dimes that we have grudgingly given in return. We would so much rather have given them to Ma Billings!

Seriously tho, we shall miss her not just as the dispenser of necessary school supplies, but as the person to whom we could always go with knotty problems in grammar and arithmetic, and sometimes with problems far more serious than these. For Miss Scott has always taken a keen interest in us as students and our progress has always pleased her and our lapses brought her sorrow. She leaves us after many years of faithful service to make a home for her brother and mother and little niece in Texas. Al good wishes of the high school go with her in her new home. May happiness and success that she so richly deserves be hers.

Miss Laipple: "What are some of the uses of grass?"
D. R.: "To make shredded wheat."
Miss Oldenberg: "Eugene, what is a word for 'across the continent'?"
Eugene N.: "Transatlantic."

BRAINLESS BITS

Mr. Cobb: (to a person on the street) "Have you seen Katie?"
Passerby: "Katie Who?"
Mr. C: "Just Katie. I don't know her last name. She's only stayed at our house 3 years."

Miss Larsen: (Modern History.) "Who were the four great powers in the world war?"
Kent W.: "President Wilson and Harold Lloyd."

Tom B.: "Printing was a \$1.50 a before William Caxton invented the printing press."
John K.: "Why?"
Tomb: "Printing was a \$1.50 a page at that time and books were so high priced nobody had to go to school unless he wanted to."

Miss L. (Botany): "Why doesn't sap run longer in the spring?"
Julius P.: "Because it stops coming."

If, "Why did I kiss that girl?" is a two-step and "Carry me back to Old Virginia" is a waltz, what is "Bred in Old Kentucky?"
"I don't know."
"It's just ten cents a loaf."

Mr. Schaumburg: "Most foods should be cooked, as cooking softens it."
Smart Student: "It don't soften eggs any."

W. T.: "I'm sub pitcher. I fanned a guy out."

A. H.: "Aw, that's nothing, when I pitched for the Yankees I threw a ball that curved around his neck three times and he struck at it every time it came around, made him out."

Miss Jorandby: (entering English I class) "I have the material for your cigarette papers in my room."

According to many people sojourning in B. H. S. one of the characteristics that made him such a notable figure in the Swiss struggle for freedom was that "he knew his apples."

Warren: "What grade is Joe in?"
Little Claude: "He's in the lowest grade, the Kidney garden."

Miss Erstad: "What is a modern draft animal?"
Clifford W.: "Elephants."

Olaf Peterson: (In Eng. II.) "The door walked open and in flew a cowboy."

Lost and Found

The girls were playing Volley ball. Cries of, "That was out." "Net ball," "6 to 8" and "Say, there Delphine you just got through serving," were heard. Suddenly and mysteriously they began searching the ground. "Lost something?" "Bessie's barret!" "Was it a ten cent one?" "Paid 50c for it!" "Maybe she lost it when she was serving." "Anybody find a barret, color: blue, price 50c?" "Nope can't be found!" "Too bad, Bessie, but you have our sympathy." "Whose turn is it to serve?" More cries of, "Out of bounds!" "Our ball!" etc. The game is again interrupted. If an onlooker was present he would have seen a girl ram her hand down the back of Bessie's dress. "Is she scratching her back?" I should say not. This is more important because all are waiting with intent faces to see the out-come. The out-come was a small object, color: blue, price 50c. Hooray!!

Miss Laipple: "If a bone of a sheep is transferred to a person for a lost bone, why is it nearly always unsatisfactory?"

Evelyn Weisz: "Because the person most likely will turn into a sheep."

Miss Larson: "Raymond, let's have your six weeks' report."
Ray N.: "I have one, but it is very similar to West's."

Miss Larson: "Who's it by? Please show me the book."
Ray N.: "Er. Oh, I took it back last night."

Miss Lohr, assigning Theorem for the next day.
Bus Fitz: "I knew it long time ago."

Anthony K.: "Yes, you studied it two years ago."

Senior Class Honors

Highest honors in Senior Scholarship were awarded to Elizabeth Folsom, who thereby becomes valedictorian. It will also be remembered that Elizabeth was the highest averaged student in the entire B. H. S. last year. The race was so close between Ruth Perlman and Myla Trask that the second highest place, that of salutatorian, was this year dispensed with. The other honor students are as follows: Irma Brackner, Gladys Babcock, Margaret Anderson, Mardelle Mraz, Ellen Johnson, Jeanette Jackson, Delphine Winter, Alfreda Zawadzki, and Alice Larson.

WHO'S WHO AT
BRAINERD H. S.Champeen Volley Ball Player
Dorothy Deering

Hit it! Hit it! Good for Dorothy! Whew! Don't knock the wind out 'er a fella! That's my back, not yours. (Poor Dorothy). Go to it, Dorothy, 'cause it's your turn to serve. Give 'em hard ones. That's the way! Return it! Return it! Oh!—let 'em have it; we don't care. That's the way the game goes when Dorothy Deering plays. She puts over an 7 with length of flag and thickness of the molding in the assembly. The ball settles comfortably in her warm palm, then all of a sudden—whang! whizz—she hit a mighty blow and all was a scramble on the other side of the net. Our team doesn't want to lose Dorothy next year!

The Cheese Box

Editor-in-Cheese, Ruth Perlman Spring is here. Symptoms: linen dresses, girl grad books, and "please keep off the lawn, said again and again, patiently and impatiently, by Miss Tornstrom."

Some people think that a window pain is a form of suffering. Kent says: "The witches in 'Macbeth' didn't ever say anything sensible when the cauldron was boiling, but raved on about whatever came into their heads."

You tell 'em, Venus De Milo, they can't hand you anything.

Oh, girls, doesn't Johnny Tribur look handsome in that new suit! Perfectly stunning!

Some teachers are as cheerful when it comes to six weeks marks, as a poor house gate.

Ain't it just like a teacher to spoil all the fun at a pennant presentation program by announcing that the State Exams come off in three weeks! Some people are always taking the joy outa life.

Some boys are like dollar watches, have two hands but don't work.

Ye Ed. is still worried about next Tuesday's paper. Every Monday at four, she heaves a sigh of relief and sez: "I've got a page and a half. All that worry for nothing." Then she commences worrying about next week's page!

That girl thinks that the Charge of the Light Brigade is a gas bill.

It was a very windy day, the 24th of April. St. Cloud and B. H. S. were playing baseball at the local diamond. The wind blew hard, very hard, which made the players' clothes flap around their arms and legs. Suddenly, from among the crowd of spectators, a voice piped up, "Come on, Wally, you can fan him out easy enough. Look at him trembling already."

She is so modest that she won't work improper fractions.

He believes a tutor carries a horn.

"Nuff Said."

Miss Schow: (In Eng. II.) "Tomorrow we will write a letter applying for a position."

Clifford W.: (Writing a lesson) "I have a job on my hands right now."

Mr. Schaumburg (In sciences) "Where does reproduction take place in plants?"

C. W.: "In the Toots!"

Who, What and Where

Another faculty Ford has loomed on the horizon. Mr. Johnson is the proud possessor of a brand new shiny coupe.

Before the most of them graduate we wish to give the following unofficial Brainonian stenographers honorable mention for rendering their time and services to the editor when she's in a pinch: Harry Lyddon, Harry Drake, Thomas Larkin, Vernon Dieckhaus, Vivian Gillette, Iris Wolvert, Evelyn Weisz, Edith Erickson, Eleanor Nolan, Lilly Olson, and Florence Rand.

Strange, how quickly sweaters became a fad after the girls basketball B's had been presented.

Five more graduates are now making their home in the Senior room: Mabel Lawrence, Helen Baakkoner, Alice O'Brien, Marcella Goedderz, and Bessie Smith having recently moved in.

Class day this year is to be decidedly original—it's going to be given at night, Monday May 18th. The Class History and Will, will be read by Elizabeth Folsom and Ruth Perlman respectively while the prophecy (also decidedly original) written by Irma Brackner, will be dramatized by ninety-two students, that is, the prophecy was written in play form and every graduate will be a member of the cast, and given an opportunity to perform, nuff said, come and see the rest yourself.

The Junior-Senior-banquet will be held at Rutger's at Bay Lake Saturday, May 23rd. Let's go.

The Sr.-Jr. picnic, for miscellaneous reasons, will have to be given May 15th. The place as yet has not been definitely decided upon but leave it to the Seniors to prepare a good time.

Baccalaureate will be Sunday, May 17th with Rev. Patterson as the speaker.

A new column is being conducted for the first time in this issue by Ruth Perlman who is going to be editor-in-cheese of the Cheese column.

Debates are now in full swing in English III classes and after school at 3:30. Half the kids don't realize the wonderful training Miss Oertling is giving them.

Flivvering

Through the eyes of an insect Silas Inn (HOME) we left behind us in a cyclone of ashes. It was a long trip to the border but the first day we covered an exciting trip of fifty-nine square rods (in English money). However, we rested well that night in Pete Sather's mellow patch.

The second day we covered successfully with only the loss of our top and crank after passing through Cycloneborough.

The trip across the desert (Strawberry flavor) was quite an experience as we had lived in northern Canada and were quite used to the warm weather. The clouds were forming and our long looked for snow began. It showed fifteen centimeters deep at a cost of five drops of alcohol (for the radiator, of course). The pine trees were bending as a result of the heavy snow, but with the aid of a snake and two butterflies towing our flivver we successfully reached the end of the desert.

Bill, who hated to loaf, lighted his favorite blend of cigarettes, (Italian Origin).

After a peaceful night's rest on a bed of spikes, we journeyed on to the border. Our destination was reached by noon.

Yes, said the Ant to the Worm, it's quite a distance from the floor to the border. One more day and we'll reach the ceiling.

Miss Erstad: (Physical Geog.) "What animal do you consider the most useful?"

Floyd F.: "Chicken, because you can eat it before its born and after its dead."

Miss Laipple: "What other undesirable quality did the wheat have?"
Bright Student: "It was susceptible to Texas Fever."

BASKETBALL GIRLS
HAVE A GOOD TIME

Last Monday evening the girls of the basketball team with Miss Larson and Miss Jorandby went to the New Park theatre and afterwards to the Olympia.

The show was a good one. Some of the girls became quite excited over it and were heard to exclaim, "Hurry up, dog!" "Get him, Rin-tin-tin!" "Come on!" and many other such exclamations.

Afterwards all went to the Olympia where banana splits, Boston nuts, and the like rapidly disappeared. Miss Jorandby then presented each member of the team with a "B." Are they proud of them? Well, I'll say they're proud. Quite a few of them were gazed upon the very next day by the school. It is the first year that "Bs" have been given to the girls in B. H. S. Why shouldn't they be proud of them? Helen Beggs was elected captain for next year's team. We are certain that she will be a very capable one. In our first year of playing together only two outside games were played and both lost. In our second year five were won and none lost. This is a good record, but we hope that with another year's practice it will be even better.

B. M.: "What did Miss Schow give us for English today?"

C. P.: "Nothing."

B. M.: "I'll help you get your lesson."

The Brainerd High baseball team completely swamped the Crosby-Ironton aggregation in a loosely played game last Saturday afternoon by a score of 20-12. The game was interesting and well played for the first two innings, but after that it was merely a slugging match, holding very little interest for the majority of the spectators.

Brainerd got its first counter in the first inning when Swanson hit a pretty double with a man on second base. They also came back in their half of the third with a galaxy of hits which, coupled with miserable fielding by Crosby, netted the locals 13 runs, making their total 14 for three innings, enough to win the game. Not satisfied with these they added four more in the sixth and two in the eighth.

Crosby also hit the ball, making four runs in the fourth, two in the sixth and two, one and three respectively in the seventh, eighth and ninth innings.

Avery relieved Engbretson in the fifth inning and twirled good ball but was accorded very little support. Swanson, besides playing a good game at third base, was the heavy stick of the game, garnering four hits in as many times at bat.

Woock of Crosby did the best stick work for the opponents, getting three hits in five attempts.

1925 Annual Subscription
Campaign Still Lacks 95
Public-Spirited Subscribers

The 1925 Brainonian High School Annual will be ready for delivery about the 18th or 19th of this month. The Staff is offering a larger annual than last year for last year's price: 75 cents.

Why not do your bit and purchase one or more of these interesting remembrances of 100 and more pages? Surely you know of some alumni or friend who would be more than pleased to receive a copy of this book. We are getting a very small number of copies compared to the size of the school and city, and we find it impossible to dispense with even this small number. WE MUST FIND BUYERS FOR AT LEAST FIFTY MORE ANNUALS. Let's go!

The collectors for the advertising obtained from local merchants are starting to collect this week. Merchants are asked to bear this in mind when one of the students appears in their places of business.

Albert Rathert still has a number of photographs and snap-shots which may be had at very reasonable rates just for the asking. Some 1924 (last year's) annuals are also left over. These are selling for 50 cents while they last.

We take orders for annuals from out-of-town subscribers and will mail them free of charge if the money is in our hands before May 15th. Address all communications in care of the High School.

BRAINONIAN

PUBLISHED WEEKLY BY THE STUDENTS OF BRAINERD HIGH SCHOOL

UNDERWRITERS' BANQUET WAS HELD LAST WEDNESDAY EVENING

On Wednesday, April 29, the Underwriters of the B. H. S. showed that they were on the map by staging a banquet, at which Miss Tornstrom and Miss Schow were guests.

The table was prettily decorated, yellow and white being the predominant colors. At each end of the table was a yellow candle which furnished the only light. In the center of the table, a vase holding jonquils harmonized with the rest of the color scheme. At six o'clock a delicious repast of veal, salad, olives, mashed potatoes, creamed peas, rolls, candy, cookies and ice cream was served by Bernice Samuelson and Marian Lineman. Ferne Lowe was in charge of the cooking in which she was aided by members of the club.

After dinner, while still seated at the table, "gossip" was played for a short time, until Raymond Anderson, toastmaster, was called upon to give a speech, with which he did not favor those present except for introducing other impromptu speakers. Eugene Nicholson, Freshman president, was the first called upon. He mentioned the work the club was doing and the increased interest in our school paper. Marguerite O'Brien, the second speaker, said she was glad to belong and, because the Underwriters are mostly Sophomores, hoped that the Juniors of next year would be as active on the staff as the Underwriters are this year. Milford Downie, celebrated humorist, gave a very short talk in which he spoke of far from serious things. Dorothy Deering, greatest woman authority on male wearing apparel, gave a brief address mentioning the work done for us by Sophie Brending, Miss Tornstrom and Miss Schow. Howard Nicholson, our humor editor, said that he couldn't make a speech but as a forfeit he'd be chairman of the dish washing committee.

Emily Cocks, club's cartoonist, spoke of our gratitude to Miss Tornstrom, Schow and Sophie Brending, and of increased interest in the Brainonian.

Miss Tornstrom, the last speaker, gave a humorous yet partially serious address, saying that the more we put into this the more we would get out and that it is good experience to all of us, even though occasionally our works are censured.

At about half past eight, and after the dishes were washed, the majority of the diners donned their hats and coats and proceeded to the benefit movie of the Y. M. C. A., this ending a very pleasant evening.

Picnic

The first of May—an ideal May day. That is not all—also a table heaped with buns, pickles, wieners, beans, cake, coffee, etc. That spelled our first spring picnic, altho' we hope it will not be our last.

All were conveyed to the picnic grounds by the two Myrtles—by means of the Hup and the trusty Ford.

The trail led to Lum Park where we had the honor of being the first picnickers in the pavilion this season. We found the hall decorated beautifully in crepe and Japanese lanterns all ready for our arrival.

After gathering wood for the fire, consuming the cats, and so on, we retraced our steps to the building where we played some more and then departed at the end of the perfect day.

Miss W.: "Grace, what did you find about Charles G. Dawes?"
G. G.: "He was the man who went with Paul Revere on his famous ride giving the alarm."

Side Light on the Underwriters' Banquet

Dinner was announced, twelve ravenous underwriters, and two hungry teachers flocked to the tables, grabbed their murderous weapons, and plunged their knives into a lean piece of veal. Everyone wore smiles as broad as the "Golden Gate" and twice as bright. The yellow Jonquils thrust out their sweet perfume (no one was hurt). Table talk was most abundant, topics of every thing were discussed. At one end of the table, Bertha Cain, Miss Schow, Emily Cocks, and Gene Nicholson were discussed. At one end of the drench, of course, each knew a lot about it through experience. Sophie, Howard Nicholson, and Dorothy Deering threshed over the unforgotten topic of "Extensions," a heated discussion followed, and ended in a fight over who had most nuts in their cups. Miss Tornstrom, Muff, Raymond and Margaret talked over the Seniors and oh what they didn't say. Miss Tornstrom of course, upheld the Seniors mostly, but you never will catch two Sophs and no Freshie saying anything good about them. Dick Marshall took in this conversation and spoke his opinion to himself. Fern and Viola talked over the "spuds," gravy and the terrible task of getting the veal cooked in time.

But most talked about was Ray's ravenous appetite for Irish plums (olives) he just couldn't get his fill; he just actually turned green with envy, when Muff took three at a time. But Ray was a splendid toast master; he really knew his apples, and some forgive him for his eating of a quart of plums, but many have revengeful hearts as he called on too many unprepared ones, and we threatened to take drastic measures, but as soon as it was over he ran from the table, out the door down to the Yemca Hotel (Y. M. C. A.) calling "Patooeh" all the way (meaning "help!" in Bulgarian.)

Howard Nicholson turned out to be an excellent chairman of the dish washing committee. For twenty minutes dish water, and towels flew thick and fast. Then they trotted off to see the (Battling Orioles); all were very disappointed they didn't see the birds.

Miss Scott

You know that peculiar feeling of emptiness that comes over you sometimes that something is lacking—an indefinable loss? The world is different, but you don't know why. In another week the Washington students will realize that sensation and after a day of two it will dawn upon them that the reason for it is that Miss Scott no longer presides over the office. To the upperclassmen especially, it will make a big difference.

For two generations of high school students Mary A. Scott has been the person who has dispensed everything from pencils to typewriting paper and countless "Merchants of Venice" and Milton's "Minor Poems." One hesitates to think of the thousands of pencils and penpoints and sheets of paper that she has handed to waiting students and of the many nickels and dimes that we have grudgingly given in return. We would so much rather have given them to Ma Billings!

Seriously tho, we shall miss her not just as the dispenser of necessary school supplies, but as the person to whom we could always go with knotty problems in grammar and arithmetic, and sometimes with problems far more serious than these. For Miss Scott has always taken a keen interest in us as students and our progress has always pleased her and our lapses brought her sorrow. She leaves us after many years of faithful service to make a home for her brother and mother and little niece in Texas. All good wishes of the high school go with her in her new home. May happiness and success that she so richly deserves be hers.

Miss Laipple: "What are some of the uses of grass?"
D. R.: "To make shredded wheat."
Miss Oldenberg: "Eugene, what is a word for 'across the continent'?"
Eugene N.: "Transatlantic."

BRAINLESS BITS

Mr. Cobb: (to a person on the street) "Have you seen Katie?"
Passerby: "Katie Who?"
Mr. C: "Just Katie. I don't know her last name. She's only stayed at our house 3 years."

Miss Larsen: (Modern History.) "Who were the four great powers in the world war?"

Kent W.: "President Wilson and Harold Lloyd."

Tom B.: "Printing was a \$1.50 a before William Caxton invented the printing press."

John K.: "Why?"

Tomb: "Printing was a \$1.50 a page at that time and books were so high priced nobody had to go to school unless he wanted to."

Miss L. (Botany): "Why doesn't sap run longer in the spring?"
Julius P.: "Because it stops coming."

If, "Why did I kiss that girl?" is a two-step and "Carry me back to Old Virginia" is a waltz, what is "Bred in Old Kentucky?"
"I don't know."

"It's just ten cents a loaf."

Mr. Schaumberg: "Most foods should be cooked, as cooking softens it."

Smart Student: "It don't soften eggs any."

W. T.: "I'm sub pitcher. I fanned a guy out."

A. H.: "Aw, that's nothing, when I pitched for the Yankees I threw a ball that curved around his neck three times and he struck at it every time it came around, made him out."

Miss Jorandby: (entering English I class) "I have the material for your cigarette papers in my room."

According to many people sojourning in B. H. S. one of the characteristics that made him such a notable figure in the Swiss struggle for freedom was that "he knew his apples."

Warren: "What grade is Joe in?"
Little Claude: "He's in the lowest grade, the Kidney garden."

Miss Erstad: "What is a modern draft animal?"
Clifford W.: "Elephants."

Olaf Peterson: (In Eng. II.) "The door walked open and in flew a cowboy."

Lost and Found

The girls were playing Volley ball. Cries of, "That was out." "Net ball." "6 to 8" and "Say, there Delphine you just got through serving," were heard. Suddenly and mysteriously they began searching the ground.

"Lost something?" "Bessie's barret!" "Was it a ten cent one?" "Paid 50c for it!" "Maybe she lost it when she was serving." "Anybody find a barret, color; blue, price 50c?" "Nope can't be found!" "Too bad, Bessie, but you have our sympathy." "Whose turn is it to serve?" More cries of, "Out of bounds!" "Our ball!" etc. The game is again interrupted. If an onlooker was present he would have seen a girl ram her hand down the back of Bessie's dress. "Is she scratching her back?" I should say not.

This is more important because all are waiting with intent faces to see the out-come. The out-come was a small object, color; blue, price 50c. Hooray!!

Miss Laipple: "If a bone of a sheep is transferred to a person for a lost bone, why is it nearly always unsatisfactory?"

Evelyn Weisz: "Because the person most likely will turn into a sheep."

Miss Larson: "Raymond, let's have your six weeks' report."

Ray N.: "I have one, but it is very similar to West's."

Miss Larson: "Who's it by? Please show me the book."

Ray N.: "Er, Oh, I took it back last night."

Miss Lohr, assigning Theorem for the next day.

Bus Fitz: "I knew it long time ago."

Anthony K.: "Yes, you studied it two years ago."

Senior Class Honors

Highest honors in Senior Scholarship were awarded to Elizabeth Folsom, who thereby becomes valedictorian. It will also be remembered that Elizabeth was the highest averaged student in the entire B. H. S. last year. The race was so close between Ruth Perlman and Myla Trask that the second highest place, that of salutatorian, was this year dispensed with. The other honor students are as follows: Irma Brackner, Gladys Babcock, Margaret Anderson, Mardelle Mraz, Ellen Johnson, Jeanette Jackson, Delphine Winter, Alfreda Zawadzki, and Alice Larson.

WHO'S WHO AT BRAINERD H. S.

Champeen Volley Ball Player Dorothy Deering

Hit it! Hit it! Good for Dorothy! Whew! don't knock the wind out 'er a fella! That's my back, not yours. (Poor Dorothy). Go to it, Dorothy, 'cause it's your turn to serve. Give 'em hard ones. That's the way! Return it! Return it! Oh-oh—let 'em have it; we don't care.

That's the way the game goes when Dorothy Deering plays. She puts over an ? with length of flag and thickness of the molding in the assembly. The ball settles comfortably in her warm palm, then all of a sudden—whang!—she hit a mighty blow and all was a scramble on the other side of the net.

Our team doesn't want to lose Dorothy next year!

The Cheese Box

Editor-in-Cheese, Ruth Perlman Spring is here. Symptoms: linen dresses, girl grad books, and "please keep off the lawn, said again and again, patiently and impatiently, by Miss Tornstrom."

Some people think that a window pain is a form of suffering.

Kent says: "The witches in 'Macbeth' didn't ever say anything sensible when the cauldron was boiling, but raved on about whatever came into their heads."

You tell 'em, Venus De Milo, they can't hand you anything.

Oh, girls, doesn't Johnny Tribur look handsome in that new suit! Perfectly stunning!

Some teachers are as cheerful when it comes to six weeks marks, as a poor house gate.

Ain't it just like a teacher to spoil all the fun at a pennant presentation program by announcing that the State Exams come off in three weeks! Some people are always taking the joy outa life.

Some boys are like dollar watches, have two hands but don't work.

C. W.: "In the roots!"

The show was a good one. Some of the girls became quite excited over it and were heard to exclaim, "Hurry up, dog!" "Get him, Rin-tin-tin!" "Come on!" and many other such exclamations.

Afterwards all went to the Olympia where banana splits, Boston nuts, and the like rapidly disappeared. Miss Jorandby then presented each member of the team with a "B."

Are they proud of them? Well, I'll say they're proud. Quite a few of them were gazed upon the very next day by the school. It is the first year that "B's" have been given to the girls in B. H. S. Why shouldn't they be proud of them? Helen Beggs was elected captain for next year's team. We are certain that she will be a very capable one. In our first year of playing together only two outside games were played and both lost. In our second year five were won and none lost. This is a good record, but we hope that with another year's practice it will be even better.

B. M.: "What did Miss Schow give us for English today?"

C. P.: "Nothing."

B. M.: "I'll help you get your lesson."

The Brainerd High baseball team completely swamped the Crosby-Ironton aggregation in a loosely played game last Saturday afternoon by a score of 20-12. The game was interesting and well played for the first two innings, but after that it was merely a slugging match, holding very little interest for the majority of the spectators.

Brainerd got its first counter in the first inning when Swanson hit a pretty double with a man on second base. They also came back in their half of the third with a galaxy of hits which, coupled with miserable fielding by Crosby, netted the locals 13 runs, making their total 14 for three innings, enough to win the game. Not satisfied with these they added four more in the sixth and two in the eighth.

Crosby also hit the ball, making four runs in the fourth, two in the sixth and two, one and three respectively in the seventh, eighth and ninth innings.

Avery relieved Engbretson in the fifth inning and twirled good ball but was accorded very little support.

Swanson, besides playing a good game at third base, was the heavy stickler of the game, garnering four hits in as many times at bat.

Woock of Crosby did the best stick work for the opponents, getting three hits in five attempts.

MRS. ROSENBERG PASSED AWAY

Was One of Brainerd's Earliest Settlers And Well Known Among Many

MEMBER LUTHERAN CHURCH

For 30 Years She Had Taken a Very Prominent Part in Church Work

Mrs. Bertha Mary Rosenberg, one of Brainerd's earliest settlers and well known among many, passed to her reward on Monday afternoon at 1:45 o'clock, after a lingering illness. She has been a sufferer from asthma for some time, and lately "flu" and pneumonia set in, causing her death. Her many friends will be sad to hear of her death and join with the sorrowing family mourning her loss.

Bertha Mary Swanson was born in Vermland, Sweden, May 17th, 1862. She came to America with her parents in 1869 and settled at Silver Creek, Minn. She moved to Brainerd in March, 1876. In November, 1878, she was united in marriage to Berent O. Rosenberg, who preceded her in death Feb. 4th, 1917. To this union four children were born, being Henry Elmer and John Christian of Tacoma, Wash., and Carrie Mabel and Myrtle Alvera of Brainerd, also three grand-children of Tacoma, Wash.

Besides these, she leaves to mourn her loss two sisters, Mrs. W. F. Dieckhaus of Brainerd, and Mrs. K. W. Lagerquist of Tacoma, Wash., also a half-sister, Mrs. C. Heckner, of Minneapolis. A sister, Mrs. P. M. Lagerquist and a brother, John Swanson of Brainerd, preceded her in death.

She became a member of the Clara Lutheran church in 1894 and has taken a very prominent part in the church work for more than thirty years. She was also a member of the ladies aid and was always willing to carry a large share of the heavy load that falls upon this organization in her church work. She was friend of everybody, and especially was a friend of the pastors of the Clara Lutheran church. Her home was always open to them and to their families. She suffered a long time from the dreaded disease asthma, and has been confined to her bed most of the time during the last three years. She was a willing and patient cross-bearer, always cheerful with lots of sunshine for everybody.

The funeral will be held from the Clara Lutheran church on Thursday afternoon at 2:30 o'clock, Rev. Aug. Samuelson officiating. The remains may be viewed at the home until 2 o'clock Thursday afternoon. Interment will be in the Evergreen cemetery.

About 75 Friends Pleasantly Surprise Them on Fifteenth Wedding Anniversary

A large number of friends of Mr. and Mrs. Oscar Swanson, 410 Third avenue N. E., took their fifteenth wedding anniversary as the occasion of a pleasant surprise. Monday evening about 50 friends, exclusive of the children, went to the home in a group to help them fittingly celebrate the occasion.

Rev. P. G. Fallquist of the Swedish Bethany church, read a few Scripture passages and gave a talk fitting to the event after which he presented Mr. and Mrs. Swanson with a very beautiful crystal set on behalf of the assembly. Mr. Swanson thanked the gathering for their kind remembrance.

Miss Esther Fogelstrom sang a solo, as did Rev. Fallquist. The balance of the evening was spent in group singing and conversation. The ladies served a delicious luncheon after which the friends departed wishing Mr. and Mrs. Swanson many pleasant returns of the day.

The Garden Destroyers

Potato bugs, cabbage worms and plant lice in assorted variety are garden pests that appear as surely as the season rolls around, and every gardener must be ready to meet and repel the invading hordes of insect destroyers. In addition the cutworm works insidiously and destroys some vegetables, although committing nothing like the depredations of enemies of the garden that work out in the open. There are also molds, blights and mildews to add to the toll.

The forehanded gardener has his poison plant loaded and ready to swat the invaders on sight.

In his list are arsenical poisons, arsenate of lead, paris green, either alone or in combination, nicotine solution or tobacco powder for the lice, and bordeaux mixture for the various fungous pests. Also he has sprayers to distribute them. Aside from these poisons there are insecticides and slug shots which are nonpoisonous and effective.

Later in the season there are various bugs and beetles that flock to the

cucumber, squash and melon vines in droves.

An insecticide combining all three qualities is an ideal one, and there are several proprietary poisons on the market which are now standard and kill the bugs present and thwart those approaching.

The insect pests are two in variety, those that eat the foliage and stems and blossoms and those that suck the juices of the plant. The former include the potato bug and cabbage worm. The latter are confined largely to plant lice. For the eaters, arsenical poisons are the proper treatment. They will also minimize grasshoppers when they get troublesome in midsummer.

Plant lice, which now appear in all shades from pale green to black, with the exception of blue ones—and they may appear—yield to a spray of nicotine or tobacco. The poison should be applied so that the entire surface of the plant is wet. The plant louse must be hit by the spray to be killed. The leaf eaters need only to have the poison on the leaves where they can eat it.

Drink Bottled Carbonated Beverages

THE HUMAN BODY, like an automobile engine, cannot function without fuel and replacements. The fuel is called Carbohydrates; protein and fats replace worn out tissue. Sugar is all Carbohydrates and, in liquid form as in BOTTLED CARBONATED BEVERAGES, supplies energy more quickly than any other food.

Prof. R. H. Chittenden of Yale University, declares the average person requires 60 per cent Carbohydrates as against 40 per cent protein and fats. Scientific tests prove that BOTTLED CARBONATED BEVERAGES provide this most necessary food element in very generous quantity and ideal form.

At a meeting of the new board held Saturday noon Pres. Woodhead said he had only one committee assignment completed, the Boys Work, headed by D. E. Whitney, with W. E. Haydon, Geo. Lowe, S. S. Walter Kretzmann, of 723 Second Ave. N. He was taken to the Northwestern hospital, where it was ascertained that he was severely bruised near the chest and abdomen, with a possibility of internal injuries. He will be confined for some time.

It seems that as Kretzmann neared the Kaatz store on Kindred street, he turned to kick at a dog that had been following, and as he did so, the motorcycle swerved to the left and into the truck coming in the other direction.

ASK BETTER HANDLING FOR OLYMPIC TEAM

By HENRY L. FARRELL
(United Press Sports Editor)

New York, May 5.—Managers and coaches of the American Olympic team, in their report to the American Olympic committee, agreed that the trip to Paris last summer had been a vast improvement over the Antwerp expedition in 1920, but they were almost unanimous in the opinion that the team might be handled still better the next time.

Among several constructive suggestions made that were stressed in practically every report submitted were:

That the team travel in units instead of one unit;
That swifter transportation be provided;
That better and more convenient housing be secured for the team;
That American chefs be taken with the team;
That one or more coaches be included on the committee that makes the advance arrangements;
That the team be picked a year in advance or at the very latest, thirty days before the date of sailing;

That a salaried official be appointed a year before the games to handle all details and be held responsible for all arrangements;
That the size of the team be reduced by taking no alternates;
That the uniforms be changed to better distinguish the Americans;
That closer and more cordial relations be established between committee members and coaches and between committeemen and athletes.

In suggesting that the teams be transported in units it was also recommended that the athletes be quartered together in separate units. The bad feature of sending the entire team in one group had the result, it was pointed out, of getting some of the athletes on the scene too close to the time of their competition and others too far away from the time they were to start.

The coaches all suggested that it would be better for all concerned if the various units should arrive ten days before the date for their competition and should return immediately after they were finished.

It was recommended that the track and field team be sent as a unit and quartered as a unit in Amsterdam under a separate manager. That the boxing team be sent as a separate unit and be housed as a unit under a manager. That the swimming team, the fencing team, the equestrian and the athletes in all the other branches be handled in the same way.

YANKS BIGGEST

BUST IN MAJORS;
TUMBLING DOWN

BAKE RUTH IS MISSED AS HUGGINS CLAX DROPS INTO A SLUMP

TIGERS ARE ALSO GOING POOR; SENATORS SHOWING CLASS

By HENRY L. FARRELL
(United Press Staff Correspondent)
New York, May 5.—New York's stumbling Yankees continue to be the most distinct disappointment in the major leagues. The team that was generally picked to be the leading rival of the world's champion Washington Senators and one that was regarded as a pennant winning probability by some critics, is away down in seventh place.

The Yankees have lost seven out of their last eight games.

"It's a good ball club. They're just in a slump," Babe Ruth said Saturday when he had received visitors at St. Vincent's hospital where he is recovering from an operation.

"They're not hitting. They'll come out of it all right," Miller Huggins, manager of the club, said today.

Without the big Babe to lead the attack the Yankees have been in a terrible hitting slump and they seem unable to get out of it. The lineup and the batting order had been switched around several times, but Huggins seems unable to find the old punch. The pitching, too, has not been up to expectations.

Ruth may be out of the game for another month. It is quite apparent now that it will be several weeks before he will be able to leave his bed at the hospital.

The Detroit Tigers are also one of the surprising busts of the season. Bad pitching and faulty fielding have lost 13 games for the club that was generally looked upon as one-two-three certainty and Ty Cobb now finds himself in the basement.

The Giants are holding first place in the National league with an assurance that makes them look like a sure pennant winner. The Pirates and the Brooklyn Robins aren't getting the pitching expected and the Cincinnati Reds are doing the running up. The Reds are getting the best pitching in the league and they are going along beating a lot of hard luck with three or four regulars out of the lineup. They look like they will be in the race all the way.

Washington and Cleveland are battling neck and neck in the American in a tie for first place. The Senators seem to be the class of the league and it looks like the Indians are playing a little over their heads. The Philadelphia Athletics, in third place, are one of the best-looking clubs to show this season.

GRADE SCHOOL

TRACK MEET

ALL SCHOOLS IN CITY ARE ELIGIBLE TO ENTER EVENTS

For some weeks the grade school children have been practicing for the Grade School Track Meet, which will be held this month. All schools in the city are eligible to enter. The program of events has been worked out, and graded into three classes each for boys and girls. The ages 8, 9, and 10 have been grouped into one class, 11, 12, and 13 into the next classification and 14, 15, and 16 into the next.

Owing to conflicts that appear in a later date, the chosen time for the meet is Saturday, May 16th. Preliminaries will be run on Friday evening, in the high jumps, broad jumps and dashes. The final events will take place on Saturday afternoon beginning at 1 o'clock, in order to be concluded before the high school baseball game scheduled for that afternoon at the Koering grounds.

A full program of events will appear later. The committee in charge of the tournament is composed of S. S. Shaver, Alfred Dillan, Glen Krueger, and Father Remmis.

FEDERAL COURT
IN FERGUS FALLS

(By United Press)
Fergus Falls, Minn., May 5.—Numerous civil and criminal cases are expected to be taken up by the May term of federal court meeting here this week.

The case of A. H. Hendrickson, vice president of the First State Bank of Little Sauk, charged with violation of the national banking laws, may be one of the important criminal cases to be disposed of. Hendrickson was arrested recently for making false reports to the Federal Land Bank, St. Paul, and embezzlement of funds belonging to the bank. L. H. Nelson, another official of the defunct institution, is now serving a sentence in Stillwater for embezzlement.

The civil calendar consists of 12 law cases, four bankruptcy cases and eight equity cases, together with 10 orders to show cause. Nearly all of these cases are inconsequential except to the persons involved and may be passed over until more important cases are disposed of.

A test case of the right of a city to tax bus lines operating over a city's streets is scheduled to be heard. The Jefferson Highway Transportation Co. objects to an effort of the city of St. Cloud to collect such a tax. The council at St. Cloud passed an ordinance imposing a license fee and the bus company contends the city has no right to impose a tax on a bus passing through the city.

Several important cases filed for action during this term of court will be laid over until the next sitting. Featuring the cases to be continued is the action brought by R. W. Goodhart for the Merchants National Bank of Crookston, against the directors of the former institution for \$358,000. A similar case has been filed from Gray Eagle.

Two appeals, one by Dr. J. C. Boehm from a five year sentence for the violation of the narcotic act, and the other by the Northern Pacific railroad

NEXT MONDAY

B. A. C., WORKMEN, SEALS AND
Y TEAMS ARE REPRESENTED

Managers of the four teams in the city baseball league met at the Y. M. C. A. last night, and made final arrangements for the opening of the season next Monday. The B. A. C., Workmen, Seals and Y. M. C. A. were the teams represented.

The first game of the schedule is between the Y. M. C. A. and the B. A. C. teams, on Monday at 5:30 P. M. On Tuesday evening the Seals and Workmen cross bats.

Games are to be seven inning affairs, with at least five innings necessary to constitute a game, in case of its being called. Games must start within fifteen minutes of their scheduled time, otherwise the team not ready to play will forfeit. Postponed games must be played off within two weeks after the scheduled night, and all games must be played off within a week after the close of the season.

Indications are that the mainstays on the pitching mound will be Zierke for the Workmen, Jones for the B. A. C., Van Walk for the Seals, and Gustafson for the Y. M. C. A.

(By United Press)
Brooklyn, N. Y., May 5.—Nicholas Luciano, long lost witness of the West End bank messengers murder, today was quoted by police as having told District Attorney Charles J. Luciano, who surrendered to police in Bayonna, N. J., yesterday, has been arrested and is held here on a charge of perjury. He previously had branded his testimony as false in an affidavit, but the authorities gave no credit to it because Luciano was missing.

ASK BETTER HANDLING FOR OLYMPIC TEAM MANAGERS OF

By HENRY L. FARRELL
(United Press Sports Editor)

New York, May 5.—Managers and coaches of the American Olympic team, in their report to the American Olympic committee, agreed that the trip to Paris last summer had been a vast improvement over the Antwerp expedition in 1920, but they were almost unanimous in the opinion that the team might be handled still better the next time.

Among several constructive suggestions made that were stressed in practically every report submitted were:

That the team travel in units instead of one unit;
That swifter transportation be provided;
That better and more convenient housing be secured for the team;
That American chaps be taken with the team;
That one or more coaches be included on the committee that makes the advance arrangements;

That the team be picked a year in advance or at the very latest, thirty days before the date of sailing;

That a salaried official be appointed a year before the games to handle all details and be held responsible for all arrangements;

That the size of the team be reduced by taking no alternates;
That the uniforms be changed to better distinguish the Americans;

That closer and more cordial relations be established between committee members and coaches and between committeemen and athletes.

In suggesting that the teams be transported in units it was also recommended that the athletes be quartered together in separate units. The bad feature of sending the entire team in one group had the result, it was pointed out, of getting some of the athletes on the scene too close to the time of their competition and others too far away from the time they were to start.

The coaches all suggested that it would be better for all concerned if the various units should arrive ten days before the date for their competition and should return immediately after they were finished.

It was recommended that the track and field team be sent as a unit and quartered as a unit in Amsterdam under a separate manager. That the boxing team be sent as a separate unit and be housed as a unit under a manager. That the swimming team, the fencing team, the equestrian team and the athletes in all the other branches be handled in the same way.

YANKS BIGGEST
BUST IN MAJORS;
TUMBLING DOWN

BABE RUTH IS MISSED AS HUGGINS CLAN DROPS INTO A SLUMP

TIGERS ARE ALSO GOING POOR; SENATORS SHOWING CLASS

By HENRY L. FARRELL
(United Press Staff Correspondent)
New York, May 5.—New York's stumbling Yankees continue to be the most distinct disappointment in the major leagues. The team that was generally picked to be the leading rival of the world's champion Washington Senators and one that was regarded as a pennant winning probability by some critics, is away down in seventh place.

The Yankees have lost seven out of their last eight games.

"It's a good ball club. They're just in a slump," Babe Ruth said Saturday when he had received visitors at St. Vincent's hospital where he is recovering from an operation.

"They're not hitting. They'll come out of it all right," Miller Huggins, manager of the club, said today.

Without the big Babe to lead the attack the Yankees have been in a terrible hitting slump and they seem unable to get out of it. The lineup and the batting order had been switched around several times, but Huggins seems unable to find the old punch. The pitching, too, has not been up to expectations.

Ruth may be out of the game for another month. It is quite apparent now that it will be several weeks before he will be able to leave his bed at the hospital.

The Detroit Tigers are also one of the surprising busts of the season. Bad pitching and faulty fielding have lost 13 games for the club that was generally looked upon as one-two-three certainty and Ty Cobb now finds himself in the basement.

The Giants are holding first place in the National league with an assurance that makes them look like a sure pennant winner. The Pirates and the Brooklyn Robins aren't getting the pitching expected and the Cincinnati Reds are doing the running up. The Reds are getting the best pitching in the league and they are going along beating a lot of hard luck with three or four regulars out of the lineup. They look like they will be in the race all the way.

Washington and Cleveland are battling neck and neck in the American in a tie for first place. The Senators seem to be the class of the league and it looks like the Indians are playing a little over their heads. The Philadelphia Athletics, in third place, are one of the best-looking clubs to show this season.

GRADE SCHOOL
TRACK MEET

ALL SCHOOLS IN CITY ARE ELIGIBLE TO ENTER EVENTS

For some weeks the grade school children have been practicing for the Grade School Track Meet, which will be held this month. All schools in the city are eligible to enter. The program of events has been worked out, and graded into three classes each for boys and girls. The ages 8, 9, and 10 have been grouped into one class, 11, 12, and 13 into the next classification and 14, 15, and 16 into the next.

Owing to conflicts that appear in a later date, the chosen time for the meet is Saturday, May 16th. Preliminaries will be run on Friday evening, in the high jumps, broad jumps and dashes. The final events will take place on Saturday afternoon beginning at 1 o'clock, in order to be concluded before the high school baseball game scheduled for that afternoon at the Koering grounds.

A full program of events will appear later. The committee in charge of the tournament is composed of S. S. Shaver, Alfred Dillan, Glen Krueger, and Father Remmis.

FEDERAL COURT
IN FERGUS FALLS

(By United Press)
Fergus Falls, Minn., May 5.—Numerous civil and criminal cases are expected to be taken up by the May term of federal court meeting here this week.

The case of A. H. Hendrickson, vice president of the First State Bank of Little Sauk, charged with violation of the national banking laws, may be one of the important criminal cases to be disposed of. Hendrickson was arrested recently for making false reports to the Federal Land Bank, St. Paul, and embezzlement of funds belonging to the bank. L. H. Nelson, another official of the defunct institution, is now serving a sentence in Stillwater for embezzlement.

The civil calendar consists of 12 law cases, four bankruptcy cases and eight equity cases, together with 10 orders to show cause. Nearly all of these cases are inconsequential except to the persons involved and may be passed over until more important cases are disposed of.

A test case of the right of a city to tax bus lines operating over a city's streets is scheduled to be heard. The Jefferson Highway Transportation Co. objects to an effort of the city of St. Cloud to collect such a tax. The council at St. Cloud passed an ordinance imposing a license fee and the bus company contends the city has no right to impose a tax on a bus passing through the city.

Several important cases filed for action during this term of court will be laid over until the next sitting. Featuring the cases to be continued is the action brought by R. W. Goodhart for the Merchants National Bank of Crookston, against the directors of the former institution for \$358,000. A similar case has been filed from Gray Eagle.

Two appeals, one by Dr. J. C. Boehm from a five year sentence for the violation of the narcotic act, and the other by the Northern Pacific railroad

CITY BASEBALL
LEAGUE MEET

MAKE FINAL ARRANGEMENTS FOR OPENING SEASON NEXT MONDAY

B. A. C., WORKMEN, SEALS AND Y TEAMS ARE REPRESENTED

Managers of the four teams in the city baseball league met at the Y. M. C. A. last night, and made final arrangements for the opening of the season next Monday. The B. A. C., Workmen, Seals and Y. M. C. A. were the teams represented.

The first game of the schedule is between the Y. M. C. A. and the B. A. C. teams, on Monday at 5:30 P. M. On Tuesday evening the Seals and Workmen cross bats.

Games are to be seven inning affairs, with at least five innings necessary to constitute a game, in case of its being called. Games must start within fifteen minutes of their scheduled time, otherwise the team not ready to play will forfeit. Postponed games must be played off within two weeks after the scheduled night, and all games must be played off within a week after the close of the season.

Indications are that the mainstays on the pitching mound will be Zierke for the Workmen, Jones for the B. A. C., Van Walk for the Seals, and Gustafson for the Y. M. C. A.
